**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm a senior consumer who supports broadband competition.

In a capitalist society, competition is what keeps everything real, otherwise we the consumer is swallowed up by greed and corruption by the wealthy corporations and the politicians glued to their lobbying. We are witnessing that in our country today. I choose sonic because it's business model is consumer friendly. I'm grateful I had a choice. At this time it is absolutely necessary to have reasonable, responsible and unbiased open-minded internet providers. How else would we be able to decipher the confusions of our time? Evolution is dependent on Truth and communication.

Thank you for your understanding.
